Hauora Taiwhenua Rural Health Network

NEWSLETTER SEPTEMBER 2022

Kia ora tatou,

It was wonderful to see so many of you at the National Rural Health Conference in Ōtautahi Christchurch recently. It was a very special event for us as it was the first opportunity to meet face-to-face since Taupō in April 2021. Therefore, it was so good to see smiling faces, animated conversations and then some energetic dancing into the small hours of Friday night.

This was the first conference convened by our new collective organisation Hauora Taiwhenua Rural Health Network. When I called upon different groups of people to stand during my opening address, I was so pleased to see such large groups representing maternity/midwives, research/education, and allied health. This augurs well for growing future increased participation from these sections of our membership and ensuring future conferences have even greater content for our various Chapters.
