

Power your practice payments with Medeor®

Medtech Medeor®, our fully automated payment solution, is integrated with Medtech Evolution and eliminates manual reconciliation.

Medeor® Point of Sale (POS) provides a seamless integration with Evolution, eliminates manual keying errors, automatically allocates payments and gives your practice full visibility of all transactions in real time, in one place.

BNZ partnership

Medeor® is in partnership with the Bank of New Zealand to authorise and settle all payment transactions for our practices.

Key benefits

- **Eliminate Time Spent on Admin**
Medeor® automates repetitive manual accounting tasks right in Evolution.
- **Automate Settlements**
No other payment service automates the link between payments received in the PMS and the corresponding bank settlement.
- **Automate Debt Management**
Send payment reminders in bulk by email or SMS with a personalised message and a link to pay from any device.
- **Full Settlement Visibility**
The daily automated settlement reconciliation provides a reliable audit trail with comprehensive detail and history for each transaction, including refunds.
- **Power your Payment Solution**
Medeor® is in partnership with BNZ so your practice payments are backed by one of New Zealand's biggest banks.

All your transactions in one integrated, automated payment solution
