

Digital Health Week NZ - 5-8 December 2022 - Rotorua NZ Health Terminology Service Connectathon

Monday 5 December 2022

Te Whatu Ora has partnered with CSIRO to establish the NZ Health Terminology Service (NZHTS) using CSIRO's world-leading Ontoserver software. Come along to this full day [connectathon](#) to learn from the experts about NZHTS, its FHIR Terminology Services API and its many applications in Aotearoa, including for the Hira programme.

MORNING SESSION

Aimed at architects, project managers, developers and content people.

AFTERNOON SESSION

Break into groups and get hands-on experience with the API and associated tools for creating FHIR code sets, value sets and concept maps.

Register early to secure your place at the [connectathon](#) - and remember to bring your laptop! To register for this workshop go to our [registration page](#) and when prompted by the registration form, select the **workshop** only ticket option. To view the full list of workshops go to the [workshops page](#).

Digital Health Week NZ - 5-8 December 2022 - Rotorua SNOMED Workshop Speakers

Tuesday 6 December 2022

[This event](#) is aimed at clinicians, researchers, data analysts, business analysts, implementers and developers. Be our experts for the day and bring your laptop! Learn how the combined use of FHIR and SNOMED CT will make interoperability easier and cheaper to achieve
